Creating the "*KYUSHU UNIVERSITY FACT BOOK 2023 - KPI digest version -*"

"*KYUSHU UNIVERSITY FACT BOOK 2023 – Detailed version –*" (in short *FACT BOOK 2023 Detailed version*) was created to collect data that had been scattered throughout the University. The objective, carefully scrutinized data in this book allows you to comprehend the current situation of the university and each department. This data is also published for the purpose of reform, improvement, and future planning. Presented in a chronological format, it is possible to learn about the university's past and, based on that, to make some educated predictions about its future. The "*KYUSHU UNIVERSITY FACT BOOK 2023 – KPI digest version –*" (in short *FACT BOOK 2023 KPI digest version*) was excerpted from the *FACT BOOK 2023 Detailed version*. It looks at the key performance indicators (KPIs) set in the Designated National University Corporation Vision and the 4th Mid-Term Objectives and Plans. The primary objective of this *FACT BOOK 2023 KPI digest version* is to facilitate a quick review of the current status and changes in the key performance indicators for the university's most essential measures. Both, the *FACT BOOK 2023 KPI digest version* and the *FACT BOOK 2023 Detailed version* are posted on the Institutional Research Office website (https://www3.ir.kyushu-u.ac.jp/). Please make use of this information.

Sincerely,

Rin-ichiro Taniguchi

Director of the Office of Institutional Research
